## 2. Error in Country of Origin – Ignition Coil

### Background

Ignition Coil PN 099700-2121 and PN 099700-2131 were wrongly indicated as “Made in Japan” on packaging box. The correct country of origin is “Made in USA”.

### Next Action

The rectified version will be progressively available from Feb'21.

## 3. Wrong Launch - CG Condenser

### Background

Last month we shared that CG Condenser PN DI447770-6520 can be used for Volkswagen Polo (2010-2018) with carmaker PN 6R0820411. This is not correct.

Car Maker	Model	Year	Carmaker PN	DENSO PN	CG PN
VOLKSWAGEN	POLO	2010-2018	6R0820411		DI447770-6520

### Next Action

Please do not order CG Condenser PN DI447770-6520 for carmaker PN 6R0820411. Our engineers will develop / further check the application for 6R0820411.

For the previous application of CG PN DI447770-6520 for carmaker PN 6Q0820411, this still remains correct.
