

Aftermarket News (Apr'21)

1. Phased Out Applications

Background

The following additional DDS wiper blade PN in red will be phased out by this month.
The rest of PNs in the table have been phased out in previous months.
Some has replacement PNs that will be split into RHD and LHD PNs.

Phased Out Part No		Replacement Part No (if any)			
		RHD Part No		LHD Part No	
DDS-013	DI261622-0020	-			
DDS-015	DI261622-0040	-			
DDS-016	DI261622-0050	DDS-016R	DI261622-0750	DDS-016L	DI261622-0850
DDS-018	DI261622-0070	DDS-018R	DI261622-0770	DDS-018L	DI261622-0870
DDS-026	DI261622-0130	DDS-026R	DI261622-0830	DDS-026L	DI261622-0930

Next Action

Please stop ordering the phased out Part Nos, and order the replacement Part Nos if available.

2. Packaging Change - Nozzle

Nozzle

<Background>

In FY18, DN-S Nozzle type was revised to oil-free and deoxygenated packaging.
DN-P, DLL-S, and DLL-P were also scheduled to switch to oil-free packaging.

However, DENSO would like to return to the original rust-proof oil-filled packaging form after confirming the regulations.

<Results>

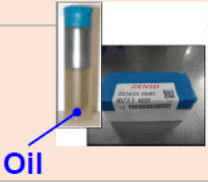

< DN-S >

From the production in June 2021 at the earliest, DN-S will be revised from the current oil-less and deoxygenated packaging to rust-proof oil-filled packaging.

There is no change in the performance, quality, part number, lot size and price.

< DN-P, DLL-S, DLL-P >

As the current packaging style of rust-proof oil-filled remains unchanged, the packaging style will be reunified for all types of Nozzles.
