Current Packaging	New Packaging
<p>PU type (current)</p>	<p>PU type (new)</p>
<p>PP type (current)</p>	<p>PP type (new)</p>

3. Packaging and Label Change – (a)COOL GEAR Compressor, (b)COOL GEAR Evaporator and (c)COOL GEAR Fan Motor

<Background>

Shared in past 2 Aftermarket News, to enhance the image of packaging box design, made-in-Japan COOL GEAR Compressor, COOL GEAR Evaporator and COOL GEAR Fan Motor box design will be renewed.

This time, we would like to make correction on past information, as well as inform design change in Part No. label.

<Results>

Packaging box will be revised after September 2021 production, running change.

Part No. label will be revised after December 2021 shipment, running change (Fan Motor label will start revision first).

Below table shows the details of revised packaging box (only printing change, no change in box type/dimensions):

Product	Current Packaging	New Packaging
COOL GEAR Compressor		<p>Pls note: there will be no words printing in this blue area (not mentioned in last month's news)</p>
COOL GEAR Evaporator		Actual image not available at the moment: <p>Pls note: there will be no words printing in this blue area (not mentioned in last month's news)</p>
COOL GEAR Fan Motor		<p>Pls note: updated with actual image this month</p>

Below table shows the details of revised Part No. Label:

Product	Current Label (e.g. of Compressor)	New Label (e.g. of Fan Motor)
All 3 products – CG Compressor, CG Evaporator, CG Fan Motor		 <p data-bbox="1316 383 1522 589">Pls note: Actual label not available at time of publication – product name will be centrally printed for actual version.</p>

<Pls see next page for one more news after this>

4. Reminder: DENSO Horn – Changes in (a)Product Design and (b)Packaging Label

DENSO Horn – (a) Changes in Product Design

<Background>

New changes will be applied for Horn double terminal to the stratification parts (Part Stay – the metal plate holder to install the horn).

This is to protect mix parts in process manufacturing.

Materials and performance are not changed.

<Results>

The affected Part No. would be only for 8 Part No. of Double Terminal Horn as below:

No.	Part No.	Part name	Descriptions
1	JK272000-3380	Horn Assy. AM Set. High/Lo	Trumpet Waterproof 12V Double Terminal with accessories
2	JK272000-3390	Horn Assy. AM Set. High/Lo	Trumpet Waterproof 12V Double Terminal without accessories
3	JK272000-3400	Horn Assy. AM Set. High/Lo	DISK AM 24V with accessorises
4	JK272000-3410	Horn Assy. AM Set. High/Lo	DISK AM 24V without accessorises
5	JK272000-6900	Horn Assy. AM Set. High/Lo	Trumpet 12V Double Terminal with accessories
6	JK272000-6910	Horn Assy. AM Set. High/Lo	DISK AM double terminal 12V with accessories
7	JK272000-6920	Horn Assy. AM Set. High/Lo	DISK AM double terminal 12V without accessories
8	JK272000-6930	Horn Assy. AM Set. High/Lo	Trumpet 12V Double Terminal without accessories

Timing of change is running change from November 2021 delivery onwards.
