<Next Action>

Please order the new Part No from August 2022 PO.

2. Packaging Change – COOL GEAR Radiator Cap

COOL GEAR Radiator Cap

<Background>

In line with Global Packaging Guidelines, the COOL GEAR Radiator Cap packaging will be revised.

<Results>

Packaging box will be revised, based on running changes, from August 2022 delivery.

Below table shows the details of revised packaging box (flat layout view):

Current	New
	

As differentiation, the new packaging will also come with a white sticker on the carton box, during this period of transition.

<Next Action>

Please take note of the new packaging.

3. (Reminder) Ink Stamp Removal and Packaging Change – COOL GEAR Radiator

COOL GEAR Radiator

<Background>

Ink stamp on COOL GEAR Radiators have been removed from 1st July PO onwards.

Example of ink stamp that will be removed:

Some POs placed before 1st July'22 but have not start production yet will have the ink stamp removed too, below are the affected Part Nos:

422175-7410	261470-2430	422176-0240	422176-1860
261470-0010	422175-5570	422176-0260	422176-1870
261470-0090	422175-5600	422176-1050	422176-2580
261470-0110	422175-6420	422176-1050	422176-4490
261470-0320	422175-7390	422176-1100	422176-4510
261470-0630	422175-7970	422176-1110	DI261470-3960
261470-1090	422175-7980	422176-1520	DI261470-4350
261470-1900	422175-8000	422176-1570	
261470-2150	422175-8030	422176-1600	

For the current packaging, there will be a marking made on the packaging box to inform the radiators do not have ink stamp (marking of either a tick or a green circle sticker):

From 1st July PO onwards, the COOL GEAR Radiators will be packed in new packaging.
 Details of new packaging and label as below:

Type	Current	New
Top Surface of box (all other surface print remain unchanged)		
Label	<information not available>	

<Next Action>
 Please take note of the removal of ink stamp and new packaging.
