#New Part No

<Next Action>

Please disregard last month new vehicle applications launched for COOL GEAR Oil Filter and refer to above as updated.

3. Updated Packaging Information

Made in China Spark Plug

<Background>

To further enhance measures to prevent the mixing of different products during the manufacturing process, identification QR Codes will be printed on outer cartons (96pcs/100pcs) for made-in-China spark plugs, on a running change basis, from June 2026 shipment.

<Next Action>

Please take note of additional QR code printing on outer carton.

4. Change in Part No.

DENSO Compressor and Clutch

<Background>

Current substances which contain LC-PFCA will soon be classified as environmental burden materials (reference to Stockholm Convention - LC-PFCAs (including CAS No. 65605-58-5)).

There is Design Change on Rubber Seat Coating Hub, changing to LC-PFCA Free.

Therefore, the last digit change on below Compressor and Clutch:

Product	Current Part Number	New Part Number
Compressor with Clutch	XI447160-8533	XI447160-853 4
Clutch	XI247400-0472	XI247400-047 3
Clutch	XI247400-1130	XI247400-113 1
Clutch	XI247400-1140	XI247400-114 1
Clutch	XI247400-2250	XI247400-225 1
Compressor with Clutch	XI447160-8572	XI447160-857 3
Compressor with Clutch	XI447110-2871	XI447110-287 2
Clutch	XI247400-0482	XI247400-048 3
Compressor with Clutch	XI447160-8553	XI447160-855 4

<Next Action>

Please order the new Part No. from now on as start of production is estimated around end June.

For more information, please contact your DENSO Sales Company.
